

Rules for entering and sailing Greek territorial waters

1. a) It is allowed the arrival in the Greek Territory of private pleasure boats and commercial tourist ships, regardless of flag and carrying capacity of up to forty nine (49) passengers, if they come from States for which no special restrictive measures apply and if the passengers have completed at least fourteen days before the vaccination or have been diagnosed negatively in a laboratory test for COVID-19 coronavirus by the PCR method, which has been performed by taking an oropharyngeal or nasopharyngeal smear within the last seventy-two (72) hours before the first port of call from abroad or have a certificate of illness or positive diagnosis by PCR or antigen valid for two (2) to nine (9) months. The above are proved in accordance with the provisions of par. 2 of article three.

b) For ships of item a) which do not come from member states of the European Union (EU) and the Schengen Agreement, the first arrival in the Greek Territory takes place exclusively in ports that are gateways to Schengen.

c) At least six (6) hours before the arrival of the ships in the first Greek port, the masters / captains inform the competent Port Authority, by any appropriate means, about the data related to the vaccination or the negative PCR test or the confirmation of disease or a positive diagnosis of those aboard the ship.

d) Passengers of pleasure boats that do not meet the obligations of circumstance a) upon their arrival in the first Greek port, are subject to mandatory laboratory medical examination or examination for rapid detection of coronavirus antigen COVID-19 (rapid test). Until the results of the tests are issued, the occupants remain on board, and in case they are detected as positive for COVID-19 coronavirus, they remain in a mandatory restriction for fourteen (14) days.
